Update your Registration Information

Change your handle, your password, your email address, or address information. Always stay up-to-date so you'll never miss a deal!

Check your Account Status

Check the status of your account, as well as check the most current information we have on file for you.

Sign Up for Our Email List

If you didn't sign up for our email list when you first registered, click here and add yourself now!

Check your Current AuctionWatch™

Click here to view the items you have listed in your AuctionWatch for the current auction. You can use AuctionWatch to keep track of all bids placed on Orbidex.com, or just to track items of interest. Use this tool to always stay at the top of the winners list!

You may also choose to view your AuctionWatch for a specific time period.

Current Auction

Lookup

Seller's Administration Area

If you are registered and approved to sell, use the sellers administration menu to create web pages featuring your items!

Use AuctionRate™

Use Auction Rate to see what other auction participants have written about a particular buyer or seller, or to enter your own comments.

Set up your own Personal Category Watch

Use this to select categories and search criteria for items you are interested in. The system will email you daily any new items which match.

Contact Us!

If you need to contact the auction administrator with questions or problems, we can be reached at:

Seller Administration

Create A New Item

Use this option to create a web page and generate an item number for your product. First, specify if your item will be up for auction or sold at a set price.

Auction: ☒ Sale: ☐ Classified: ☐

Modify Existing Item

Use this to make changes to an item you have already created. Note: You can only make changes to items with no bids placed.

Item Number:

Upload a CSV Spreadsheet File of your items.

Use this function to upload multiple items on a spreadsheet saved in CSV format. Note: You can only use pre-formatted spreadsheets supplied by the auction administrator to use this feature.

Browse to the location of the CSV file on your local drive. When you have specified or located your image, click Upload. Please be patient. This feature may take a few moments.

Upload Images to Orbidex.com

Use This Function to upload images to our server after you have successfully uploaded your CSV spreadsheet. Browse to the .gif or .jpg image located on your hard drive and click Upload. Note: A storage fee may be associated with this option. Consult any terms and conditions on this site, or contact the

Your Information

Your Contact Information

This link will allow you to view your current seller's contact information and accepted payment methods. If you need to change this information, you may do so by updating your registration form

View the Winners/Runners-Up of your items

Use this function to list the winning bidders and runners-up after your auction closes. Enter the date range in which to query in this format (MM/DD/YY) and click List.

From
to

RePost Unsold Items

Use this function to re-post any items which did not sell in a previous auction. Enter the date which the previous auction ended in this format (MM/DD/YY) and click List.

End Date of Auction :

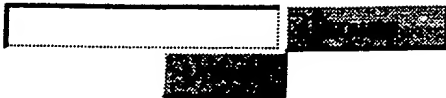

Auction Summaries

Use this function to view statistics summarizing the items you have on our site.

End Date of Auction Ranging From:

to
☒ Auction ☐ Store ☐ All

auction administrator for details.

Auction Express Desktop

Use this function to download the AuctionExpress file. Remember to change the extension from exe to txt when you save the file on your hard drive.

List Items

Use this function to list and view the items you've created. Select the items you want to view.

- ☒ List all my Items
- ☐ List just my items Starting Today
- ☐ List just my items Ending Today
